Timeless. With personality.

Expressive serif typography, generous photography and a warm paper palette. A little playfulness in the details; the people and their stories lead the page.

Built-in image generation · visual exploration only.
The final book uses the original class photographs and factual content.

Type, color, rhythm.

Ivory and aubergine form the base. Tomato red is the primary accent; the quieter supporting colors appear in small photo mounts.

Built for the page.

Grid

ISO A4, 210 × 297 mm. Outer margins: 38 pt (13.4 mm). Photo-led profile header, shared biographical rows and a consistent two-column reading structure.

Typography

Readable body text, dark field labels, manually fitted long surnames, and embedded fonts. Italics add warmth; fine rules establish the rhythm without heavy boxes.

Playfulness

A red full stop, a small year medallion, a restrained pen loop and colored childhood-photo mounts. Decorative marks stay clear of text and photographs.

Print

52 pages with exact A4 geometry and safe outer margins. The PDF retains selectable vector text and original PDF photo artwork, with the source resolution preserved.

Implementation

The real-content HTML prototype generates the PDF. Browser-measured positions place the original artwork. 1,135 matching text positions differ by less than one point.

Preservation

All 215 content units and 88 photo placements checked. The original PDF is attached unchanged. Version one remains intact. The authorized website update is ak20.alexanderhorner.de.
